### **BING CARIÑO** General Santos City

Leonardo Rey Carino's amazing talent bridges both the visual and performing arts. As a visual artist, he had his first lesson in 1986 under the mentorship of Davao City's Jun Alfo, who encouraged him to take up Fine Arts in College.

Although he decided to take Interior Design instead, his love for the visual arts never left him.

He has several one-man shows and won the Grand Prize in the Kalilangan Festival's Pintura Competition.

After his one-man show in 1992, Bing shifted to the performing arts and concentrated on Choreography and Stage Design. He also taught Humanities and Visual Communication classes at the Ramon Magsaysay Memorial Colleges.
